

Foxfire Transportation Management System (TMS)

Web-based, On-demand, TMS for One Low Monthly Fee

Foxfire TMS is an easy to use, quick to deploy transportation management system (TMS); providing one place to manage all of your LTL, FTL, and small package shipping needs.

Key Financial Benefits:

- Reduce transportation hard cost 5-10%, by using lowest cost carriers
- Reduce transportation labor and process cost by over 20%, compared to manual methods
- Generate a new revenue stream by way of programmable Billable Rate vs. Carrier Rate
- Ensure compliance via instant visibility to all shipments, in single source platform, across locations
- Obtain real-time rate quotes from your approved carrier pool (small package, LTL, FTL)
- Enforce smart routes for better on-time delivery and cost savings
- Ensure compliance and accountability
- Improve customer service through on-line tracking tools and alert notifications
- Provide extended tracking and tracing to your customers, from your web site, and reduce customer service costs
- Receive, audit and pay freight invoices on-line
- Eliminate manual paperwork

Foxfire TMS System Overview:

Foxfire TMS is an easy-to-set-up, easy-to-use transportation management system that is delivered via the Internet for one low monthly fee. Foxfire TMS can be deployed in a matter of hours and up and running for you in as little as one day.

The system is easy to use, but it is also a very powerful, robust solution that will reduce costs, improve productivity, help you make better decisions, and provide end-to-end visibility for all shipments from FTL, LTL and small package carriers.

Foxfire TMS allows you to operate your way, with your rates and your tariffs, with your carriers. Foxfire TMS can also simplify your transportation invoice reconciliation and payment process by receiving and paying all your transportation invoices on-line.

In short, Foxfire TMS is the right solution to help you get started improving your transportation operation immediately.

Foxfire TMS Functionality is Easy to Use and Includes the Following Major Functional Areas:

- Delivered via the web from our world class data center
- Requires no software or servers to purchase
- Multi company/Multi site capable
- Tariffs can be set up by Company, Division, Location, or Customer (3PL capable)
- Fuel surcharge management
- Manage small package, LTL and FTL freight quotes
- Rate shop between carriers
- Manage your carriers with your rates/tariffs
- Get rate quotes from multiple FTL/LTL carriers
- Manage all small package shipping
- FedEx, UPS, and USPS capable for small package shipping
- Digital dashboard of all shipments
- Optional on-line freight bill presentment and audit
- Optional on-line freight bill payment
- Technical support and product upgrades included

Integration to ERP and WMS:

Foxtire TMS is a hosted, Software as a Service (SaaS) solution. There is no software to purchase or servers to manage for our clients. Foxtire delivers the solution, via the Internet, straight to your desktop. All you need to access the system is a standard Internet browser.

Please visit our web site at www.foxfiresoftware.com, send us an email at info@foxfiresoftware.com, or call us at 1.864.868.5243, to discuss Foxtire TMS in more detail and to schedule your own web meeting with a Foxtire TMS Solution Specialist.
